

SOLIS  
BIODYNE

# Your life science business partner

DNA polymerases  
PCR and qPCR mastermixes  
Reverse transcriptases  
**One-step RT-qPCR solutions**

State-of-the-art products  
Sustainable solutions  
Personal service

# About Solis BioDyne

Established in 1995

Leading stable PCR reagent supplier

Trusted trademark in 110+ countries

ISO 9001 and ISO 13485 certified

**We create world-changing molecular solutions and help scientists to solve their greatest challenges. Our high quality enzymes and enzyme mixes are valued around the globe.**

## Commitment to quality

Quality has always been the core value of our work. To ensure we match the high-quality requirements of our partners in the research and diagnostic sector, we implemented and follow ISO standards.

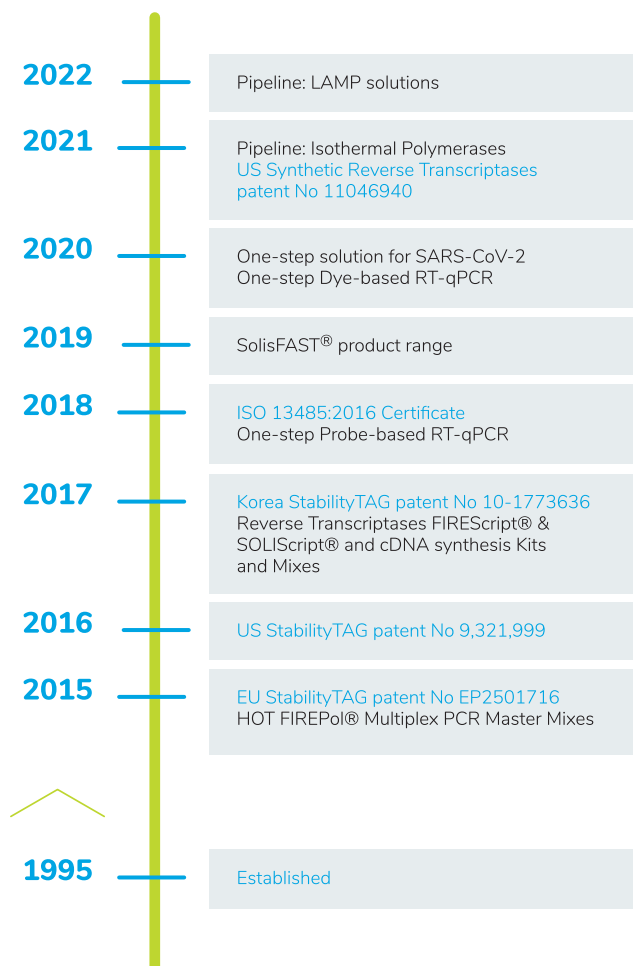

- Proven lot-to-lot consistency and high quality
- Total control over manufacturing process
- Supply chain security and traceability
- Manufacturing process consistency

## Our expertise fields

- In-silico protein design
- Recombinant protein production in bacterial hosts
- Protein purification
- PCR/qPCR/RT-qPCR assay & product design
- Production of unique PCR/qPCR/RT-qPCR solutions

## 26 years of experience in protein design and production on an industrial scale

For more information visit [solisbiodyne.com](https://solisbiodyne.com)

## Our product portfolio

DNA polymerases	Endpoint PCR	qPCR	Reverse transcription
FIREPol® HOT FIREPol®	Regular PCR Master Mixes	Dye-based qPCR Mixes	Reverse transcriptases
TERMIPol® HOT TERMIPol®	HOT-start PCR Master Mixes	Probe-based qPCR Mixes	cDNA synthesis kits and mixes
SolisFAST®			One-step RT-(q)PCR kits

## and custom solutions

Bulk product	Unique formulations	Custom product size and format	Custom product design and R&D
--------------	---------------------	--------------------------------	-------------------------------

### Reference:

“ Excellent product quality along with affordable prices and committed customer service: these are the reasons why Solis BioDyne is our strategic enzyme supplier since many years. Now we continue our partnership with the robust, stable and very sensitive SolisGreen mixes for our qPCR product platform. ”

**DAVIDE ROASCHIO**

Scientist in Product Development  
Loewe Biochemica GmbH, Germany

## Our 26 years of expertise is here for your success

We offer technical support and consultation with every step of the process. From choosing the right product to protocol optimization, you can be sure we help to overcome technical hurdles.

Being the developer and manufacturer, we know our products inside out and can find the most effective way for your success.

## Sustainability is our priority

Solis BioDyne catalogue products are safe to ship and handle at room temperature for 30 days thanks to StabilityTAG feature.

Product packaging is now even more sustainable - we are using ISCC certified bags, made from 85% bio-based materials (mass balance). Certificates available upon request.

# Solis BioDyne as your business partner

“ Being an R&D driven manufacturer, gives flexibility and time-to-market leverage to come out with a product and solution, that meets your specific needs. With extensive knowledge in our field, we are here to support you all the way, from technical aspects and assay optimization to marketing and sales support. ”

**ANGELA VAASA**

COO, Laboratory manager

## We are cooperating with:

- With some of the leading kit manufacturers in Europe with private & government contracts;
- From local SME's to branches of global corporations;
- Substantial testing volume in target regions. E.g. Scandinavia, France, Switzerland
- Applications from outpatient testing to food safety analysis

## Our core skills, that will benefit your solutions, are:

- High quality development and manufacturing
- Innovation and R&D
- Flexibility and speed of action
- Strategic partnership
- Committed product management, technical support, and R&D
- Help with optimization and implementation

## Reference:

“ Strategic cooperation with the Solis BioDyne team has been one of the most efficient we have experienced during our COVID-19 diagnostic kits products development. Their room temperature stable mastermix is an excellent product which has helped us to reach higher sensitivity and stability of our qPCR diagnostic kits. ”

**PETER KILIAN**

Chief Operating Officer at MultiplexDX
